PROFESSIONAL SUMMARY

Mandarin-medium Early Years Educator and Curriculum Designer with 5+ years of practice with children aged 1–6 in Taiwan. Starts with children's curiosity and questions, giving them time, a safe space and hands-on materials to test ideas, make mistakes and find answers for themselves. Strengths in STEAM and inquiry; co-founded an inquiry-based learning studio and designed and facilitated 50+ parent-child workshops for 100+ families. Seeking a Mandarin or bilingual teaching role in an inquiry-based early years setting in Singapore.

PROFESSIONAL EXPERIENCE

Co-founder & Lead Educator
2024 – Apr 2026

WIND LAB | Mandarin-medium early learning studio | Zhubei, Taiwan

- Co-founded and led an early learning studio: a small full-day classroom (4 children, 2 adults) and weekend workshops for ages 1–6, combining inquiry, play, STEAM and social-emotional learning.
- Planned learning environments and hands-on experiences around children's questions, with opportunities to test ideas and try again.
- Used observation and learning documentation to adapt teaching and share children's interests and learning with families.

Lead Teacher
2022 – 2024

國防部軍備局萬隆營區職場互助教保服務中心
Non-profit kindergarten at Wanlong Camp (ages 2–6) | Taipei, Taiwan | Mandarin-medium teaching

- Led two classes, each with 2 educators: 16 two-year-olds (1:8) and a mixed-age class of 20 children aged 2–6 (1:10).
- Planned thematic learning through sensory exploration, shared reading, storytelling and creative expression; adapted experiences to children's interests and developmental readiness.
- Managed daily routines and family communication; used Positive Discipline to support independence, cooperation and early self-regulation.

Curriculum Designer & Lead Instructor (Part-time)
2018 – 2022

3X3 Education Group | Flower Sister Early Learning Studio | Taipei, Taiwan

- Planned and delivered early learning programmes through creative arts, sensory exploration, storytelling and inquiry.
- Facilitated parent-child learning experiences for children at different developmental stages.
